PORCELAIN TILE  
7 COLOURS

There are classics that resist the passage of time. Styles and materials that reappear with force and that are capable of capturing the past and the present in the same piece. Rianza is born with this aim, that of rediscovering and updating materials such as granite and a terrazzo aesthetic that has come back to stay.

The immemorial beauty of stone is the starting point of a collection that looks, without complexes, to the future. The hexagonal shape and the subtle shine of its pieces make this collection an instant classic full of personality.

The charm of decorative ceramics is fused in rianza with the functionality and performance that today's materials are able to offer. This combination makes this a versatile collection. Because its porcelain pieces elegantly cover floors and walls. And because thanks to its chromatic variety it adapts to any environment, to any style.

From the personality of black and white to a varied range of greys through elegant shades of blue, green and pink. Rianza is available in 7 colors to fill with natural elegance the most demanding projects.
